

Business Overview – NORDIC Education Agency

The agency helps students to apply for higher education within the European Nordic countries (Denmark, Sweden and Finland). The services offered are entirely free and the students are guided before, during and after the application has been made. Each student who applies will get individual advices regarding the educational institutions, studying programmes that fit the best, guidance for finding accommodation and a place to work.

For the next session of admission:

We offer internship positions in our agency:
